HSI EXTENDS REPRICING AND BILL REVIEW SERVICES WITH ACQUISITION OF ASERT BENEFIT SERVICES

Indianapolis, Indiana. –February 1, 2008 – Health Systems International, a leading provider of outsourced medical cost management solutions to payors and health care provider networks around the world, today announced that it has acquired Asert Benefits Services, Inc. Asert is a privately-held leader in medical claim negotiation, bill review, and bill audit services.

The combined companies administer complex medical claim repricing and bill review services for their clients utilizing proprietary technology, experienced staff and the market's broadest selection of medical discount solutions. Their solutions are designed to relieve clients' administrative burden and achieve the lowest possible cost of care.

Russell W. Sherlock, Chief Executive Officer of HSI, said, "Asert makes an exceptional fit for HSI. Through Asert we will improve our management capabilities in the area of review and negotiation of high dollar medical bills. Additionally, we will establish a local presence in Miami and expand our multi-lingual staff to better serve the needs of our global clientele. With this one transaction, we accomplish the dual objectives of expanding our medical cost management solutions and continuing our growth into new markets."

"Asert's current customers will benefit from access to HSI's PPO network relationships and repricing services, which can now be integrated with medical bill review and negotiations", Sherlock added, "Overall, we were very impressed with Joe Antonell, President of Asert, and his team and believe the combination will produce better results for our customers. This is just the first of many exciting new offerings that will be made available to the clients of HSI and Asert. We will continue to research and develop expanded technologies, markets, and services our goal of becoming the leading provider of medical cost management solutions is on track."

"Asert started out contracting with HSI as our primary and secondary repricing vendor," added Joe Antonell. "Our clients were very happy with our expertise in fee negotiations and bill review for in and out-of-network medical bills and were asking us to provide them with integrated PPO network services. HSI was the perfect solution with their single gateway approach to 100 different US PPOs. After working with them to integrate their services, we found our operations would be a perfect fit for both companies' clients. We will now be able to offer a complete, fully integrated medical cost management solution to our combined clients."

As part of the transaction, Joseph M. Antonell has been named President of HSI's Bill Review Division.

About HSI

Headquartered in Indianapolis, Indiana, HSI is a healthcare information technology company offering outsourced medical cost management solutions to health plan payors and provider networks around the world. HSI is backed by Great Point Partners, LLC, a private investment firm with over \$900 million of equity capital under management.
